

AT KEITH, WE ARE PROUD OF OUR HERITAGE.

For more than a century, we have sculpted young minds, helping them prepare to step out into the world and accomplish remarkable things. Keith graduates have excelled in the worlds of business, medicine, politics, and entertainment. As we recognize extraordinary alums who have transitioned from Keith to the world stage, we look to the future and build upon those successes.

We began this academic year by welcoming two new administrators and a cadre of passionate, brilliant new teachers ready to engage our students in the kind of learning and exploration that will prepare them for a lifetime of success. Our new intersession program, *Beyond College Prep: Continuous Learning, Community Collaboration, and Creativity*, combines classroom learning with exploratory, hands-on activities, giving Keith students the opportunity to learn while having fun.

We're excited for what the future holds, and need your support to ensure our facilities keep up with our forward momentum.

We've identified a number of upgrades and improvements to our campus that are critical to continue delivering on the Keith promise. Your support and dedication is greatly appreciated as we strive to make our next 100 years as rewarding as the first.

SCHOOL MISSION

Preparing children for lives of meaning and purpose.

ABOUT THE FOREVER KEITH FUND

Thanks to our previous donors' generous support, Keith continues to deliver the highest-quality, most advanced and engaging curriculum to our students. However, 100 years of academic excellence have taken their toll on our infrastructure. Our facilities are showing their age and it's become clear a number of upgrades and improvements are necessary for Keith students to continue operating in an environment that's conducive to learning and growth.

A team of internal and external experts have identified the facility enhancements that must be addressed within the next three years.

THESE INCLUDE:

Upper School roof replacement

Intermediate Building roof assessment and possible replacement

Boiler replacement

Repair water damage and address flooding conditions in Intermediate Building

At Keith, we are committed to our students' well-being. Therefore, it's vitally important that we match our academic excellence with a facility of excellence. We need your support to make these critically important upgrades and improvements to enable Keith to remain the region's top-ranked college preparatory school.

TAKING CARE OF FAMILY

Keith School is much more than a collection of students, faculty, and support staff. We are a family. Anyone who spends even a few minutes on campus is sure to feel that closeness and camaraderie. The relationships developed at Keith are unique and special – not just during the time spent on campus, but lifelong. Keeping our family safe, secure, and comfortable is our highest priority.

Whether replacing a boiler or enhancing our buildings, we are committed to making our facilities as top-notch as our academics. By donating to the Forever Keith Fund, you help ensure we have the ability to tend to these critical upgrades and improvements, so we can continue developing academically excelling, socially responsible, globally centered individuals for generations to come.
